

90-Day Sprint — Start Marketing

Print: A4 · File → Print → Save as PDF, or open pdf/01_90_DAY_SPRINT . pdf Daily ticks + takeover + grey questions: 04_START_CHECKLIST . md

Use this as the weekly runbook. Mark each line done. Do not skip Week 1–2 to “go do Instagram”.

North-star for Day 90

- Weekday occupancy $\geq 22\%$ (from a typical $\sim 10\text{--}15\%$ empty-weekday pattern)
- Weekend occupancy $\geq 65\%$
- 2 named packages selling on WhatsApp
- Airbnb + 1 Indian OTA live
- 80 partners in the sheet, 25 have visited
- Review-ask running on every checkout
- Sunday scoreboard going to owners without fail

Week 1 — Truth and the desk

- Collect notebook + Excel. List every future booking and every advance.
- Open a Sales sheet: Name, Phone, Source, Occasion, Dates, Pax, Value, Stage, Next action, Owner.
- Draft rate card v0 (rooms weekday/weekend, day picnic, event, corporate, buyout).
- Draft payment policy (kill “full cash at check-in” as the only option).
- Claim Google Business Profile. Fix address to Kilachery / Kannur, 602108.
- WhatsApp Business: greeting, away message, 4 quick replies (Stay / Birthday / Wedding / Corporate).
- Walk the property with a phone: 40 photos, 8 videos (pool, rain dance, Gaushala, cricket, food, room, lawn, rooftop).
- Write the 2-sentence positioning and put it on WhatsApp + GBP.
- Call 10 past guests from the book. Ask for a Google review. Invite a repeat weekday.

Week 1 exit: You can quote a stay and an event without asking anyone.

Week 2 — Assets and the site

- Book a 1-day pro photographer + drone (or lock a date).
- Remove dummy pages from srinamofarms.com (EN/DE, layout demos).
- Add WhatsApp button, map, drive times, veg-only line, 3 packages.
- One-pager PDF: Stay / Celebrate / Corporate. One page each, or one 2-sided flyer.
- Import past and future guests into PMS or the Sales sheet.
- Check-in SOP with caretakers: smile, 15 minutes, manager visible, no payment argument.
- List 30 planners + 30 photographers + 20 corporates (name + phone). See 02_PARTNER_PROGRAM . md.
- First 15 outbound calls. Invite FAM for Saturday of Week 4.

Week 2 exit: GBP looks like a real resort. WhatsApp looks like a business.

Week 3 — Listings

- Pro shoot happens or phone-content calendar starts (4 Reels this week).

- Airbnb draft: buyout + 1 room type. Calendar blocked to match the book.
- MakeMyTrip / Goibibo onboarding started (photos, GST, cancelled-policy).
- Google review QR printed at reception and restaurant.
- Feedback form (5 questions) live. Link in WhatsApp.
- 15 more calls. Log every no.
- Price-check 4 nearby farm/event venues. Adjust rate card v1.

Week 3 exit: At least one listing submitted. Review QR on the counter.

Week 4 — First FAM and first automation

- Saturday FAM: 8–12 people, 10:30–14:00, thali + walk + Gaushala.
- Collect visiting cards. Same-evening WhatsApp with rate card + photo pack.
- n8n: booking confirmation + checkout thank-you + review link on a test booking.
- Instagram grid: 9 posts that look like one brand (green, veg, water, cows, sports).
- Confirm Airbnb / OTA calendar owner (only one person edits).
- Quote 3 events from FAM or calls.

Week 4 exit: Humans who sell weddings have stood on the lawn.

Week 5–6 — Bookable + weekday story

- Airbnb live. First OTA live.
- Publish Sriperumbudur Offsite and Sunday Family Farm as WhatsApp catalogs.
- Visit 3 HR/Admin offices or send a physical one-pager via a known employee.
- 40 calls across the two weeks (planners + HR).
- Every checkout gets the review WhatsApp. Aim +15 Google reviews in these two weeks.
- Fix the top service complaint you heard in FAM or reviews (usually check-in or payment).
- Sunday scoreboard #1 with real numbers.

Day 42 exit (Phase 1 gate): Stranger can book. Desk answers in 15 minutes.

Week 7–8 — Corporate belt

- Build a 40-name HR/Admin list for Sriperumbudur–Oragadam–Irungattukottai.
- Offer: 12% weekday org discount, no cash to staff, free cricket or Gaushala slot.
- 2 site visits for corporates (they come, or you pick them up from the plant gate if needed).
- Close 1 weekday hold (even a 10-room tester).
- Photographers: offer 1 free sunrise pre-wedding slot this month in exchange for tags.
- PMS: every new guest has source + city + occasion.

Week 8 check: If zero weekday holds, you are still calling planners only. Split the call list 50/50.

Week 9–10 — Event machine

- Wedding package PDF with 2 menus (simple / festive), both veg, pax slabs.
- Engagement + birthday 4-hour lawn product with a hard end time (protects rooms).
- 2nd FAM Saturday (new faces only + 2 who ghosted).
- Checkout automation in production, not test.
- Lost-enquiry reasons filled for the last 20 misses. Change price or inclusions if “too costly” > 40%.
- Optional: ₹20–40k Meta test only if WhatsApp SLA is green.

Week 11–12 — Lock the system

- 80 partners in sheet. Commission policy signed by owners (see partner doc).
- First commission paid on time (even if small). This is the reputation of the program.
- Occupancy vs Week 1. If weekend is up and weekday is not, double corporate time in Month 4.
- Package winners: keep 3, kill the rest.
- Plan Month 4: paid ads brief, freelance setter job note, Pongal / season calendar.
- Owners review: continue, add a junior sales caller, or cut a channel.

Daily operating rhythm (from Week 3)

Morning (45 min) Unread WhatsApp + missed calls → same-hour reply. Today arrivals. Calendar vs OTA.

Midday (90 min) Outbound: 8 conversations. Log them.

Evening (20 min) Tomorrow arrivals message. Content 1 Reel or 5 stories if something real happened (bonfire, cow, sixer).

If you only post and do not call, this sprint has failed even if Instagram looks busy.
