

Start checklist, everyday plan, grey areas

Print: A4 · open pdf / 04_START_CHECKLIST . pdf You: commercial lead. Take website, Facebook, Google, Instagram, WhatsApp if owners give access. Do not wait for every grey-area answer. Start the left column tomorrow.

This is the operating checklist pulled from the four plan files. Tick boxes. Write answers in the grey-area table.

1. What you need to start (collect this week)

A. Access takeover (ask owners today)

Channel	Have login?	Your name as admin?	Notes
srinamofarms.com (hosting + WordPress / builder)			Delete dummy EN/DE pages first
Domain / DNS / email (info@srinamofarms.com)			
Google Business Profile			Pin must be Kilachery / Kannur, not OMR
Google account used for reviews / Analytics			
Facebook Page			Create if none. Link to WhatsApp
Instagram			Same brand, Tamil on-screen text
YouTube			Shorts only at first
WhatsApp on +91 82486 48464 (or a new sales number)			Business app, not personal-only
Facebook / Meta Business Suite			Needed later for ads
Any old Excel / booking notebook			Source of old customers

If they will not give passwords, get Admin invite (Google, Facebook, Instagram, hosting). You can run marketing without owning the company GST login.

B. Facts you must have to quote (draft is enough)

- Room list and today's rates (weekday / weekend)
- Day picnic / pool / rain dance / bonfire prices
- Lawn + rooftop event prices (or "from ₹X, site visit")
- Corporate weekday per-pax or room-block price
- Payment rule: suggested 30% to confirm, rest 48h before (not 100% at door)
- Veg-only sentence (no egg, no meat, no fish) — say it first
- Check-in / check-out times
- Who answers the phone 8am–10pm

C. Tools (free / cheap, day 1)

- Google Sheet named SNF Sales: Date, Name, Phone, Source, Occasion, Dates, Pax, Value, Stage, Next follow-up, Owner
- WhatsApp Business: greeting + away + 4 replies (1 Stay · 2 Birthday · 3 Wedding · 4 Corporate)
- Phone camera folder: Gaushala, pool, food, rooms, lawn, rooftop
- This repo's Guests page or the Sheet for old customers (phone = unique key)

- One-pager PDF (can be ugly in week 1)

You do not need Apollo, Lusha, or ads to start.

2. First 48 hours (do in this order)

- 1 [] Get access list above, or start a new Facebook + Instagram + WhatsApp sales number if old ones are locked.
 - 2 [] Claim / edit Google Business Profile. Fix pin and category (Farmstay + Banquet + Resort).
 - 3 [] WhatsApp Business live. First reply under 15 minutes from now on.
 - 4 [] Open the Sales sheet. Type every future booking from the book.
 - 5 [] Type every past guest you can find (name + phone + last stay). Call 10 for a Google review.
 - 6 [] Draft rate card v0 — even if owners change numbers next week.
 - 7 [] 40 phone photos + 8 short videos on site.
 - 8 [] Website: if you have access, hide/delete dummy pages, add WhatsApp button, veg line, map, 3 buttons (Stay / Celebrate / Corporate).
 - 9 [] Facebook Page: cover = pool or lawn, about = veg farm stay Kilachery, button = WhatsApp.
 - 10 [] Call 10 wedding photographers (west / SW Chennai + Kanchipuram). Invite Saturday FAM.
- 48-hour exit: You can quote a stay and an event. Google and WhatsApp look like a business.

3. Everyday plan (how we work)

Daily goals (numbers, not vibes)

Goal	Number	How
First reply	under 15 min, 8am–10pm	WhatsApp + missed calls first, always
Outbound conversations	8 logged	Call or voice note. “Hi” on Instagram does not count
Enquiries logged	100%	If it is not in the Sheet / PMS, it does not exist
Content	1 real post or 5 Stories	Only if something real happened (food, cow, sixer, guest)
Reviews	every checkout	QR + WhatsApp link. No checkout leaves without the ask

Clock (same every day from day 3)

When	Time	Do this
Morning	45 min	Unread WhatsApp, missed calls, today’s arrivals, calendar vs any live OTA
Midday	90 min	8 outbound (photographers / planners Mon–Wed; plant HR Thu; mix Fri)
Afternoon	30 min	Quotes, holds, website / Facebook / GBP one fix
Evening	20 min	Tomorrow arrivals message. 1 Reel or Stories if you have proof. Log the day
Night	5 min	Stages updated. Next follow-up date on every open row

Week layout (you are sales, not only social)

Day	Main job	Channel work (30 min)
Mon	Pipeline + corporate calls (they pick up)	GBP post
Tue	15 planner / photographer conversations	Instagram Reel or Story
Wed	Quotes, contracts, one service fix on site	Website one change
Thu	HR / Admin follow-up or factory-area visit	Facebook post (same Reel)
Fri	Walk property as a guest. Weekend upsell (bonfire, rain dance)	WhatsApp catalog check
Sat	FAM or viewing or host arrivals. 30 min content	Tag guests (ask first)
Sun	Review ask every checkout. Scoreboard to owners	Plan Monday’s 8 calls

Sunday scoreboard (send to owners every week)

- Occupancy % weekday vs weekend
- Room revenue + event pipeline (quoted / confirmed / lost)
- Enquiries by source (Google, WhatsApp, Facebook, call, partner)
- First-reply time
- Reviews added
- Partner conversations this week (target 40)
- Cash collected vs promised

If you only post and do not hit 8 conversations, the day failed.

4. Week 1 tick list (from the sprint)

- Notebook + Excel collected. Future bookings listed.
- Sales sheet live with next-follow-up column.
- Rate card v0 + payment policy draft.
- GBP claimed. Address Kilachery / Kannur, 602108.
- WhatsApp Business greeting + 4 replies.
- 40 photos, 8 videos.
- Positioning on WhatsApp + GBP + Facebook About: Pure-veg farm stay and celebration venue near Sriperumbudur and Kanchipuram.
- 10 past guests called for Google review.
- Website dummy pages listed for delete (or deleted).
- Facebook Page live or access received.
- 10 photographer calls + FAM invite.

Week 2+ stay in 01_90_DAY_SPRINT.md. Do not skip to ads.

5. Grey areas (questions — fill when you know)

Write the answer in the last column. Marketing still starts without these.

Money and product (blocks accurate quotes)

#	Question	Status	Your answer
1	Last 12 months: room nights, weekday vs weekend occupancy, event income	Grey	
2	Real room count and published rates (not the PMS seed of 40 rooms)	Grey	
3	Day / wedding / corporate / exclusive buyout prices	Grey	
4	Max pax: lawn, rooftop, pool deck. Parking. Power backup	Grey	
5	Alcohol / bar licence. Outside liquor / corkage?	Grey	
6	Kitchen in-house only? Outside caterer? Veg-only for all events?	Grey	
7	Blackout dates. Can we sell exclusive buyout?	Grey	

Legal and ops (blocks big events)

#	Question	Status	Your answer
8	GST, FSSAI, fire NOC, music licence (PPL/IPRS)	Grey	
9	Who answers 8am–10pm? Can they type in the Sheet / PMS?	Grey	
10	Commission: will owners pay 10% in 7 days without a fight?	Grey	
11	Staff: reception, kitchen, HK, security, manager names	Grey	

Place and story (blocks ads and “farm” copy)

#	Question	Status	Your answer
12	Drive minutes: Sriperumbudur SIPCOT, Kanchipuram, Airport, Porur	Grey	
13	Walkable farm plot, or only Gaushala + lawns?	Grey	
14	Existing planner / corporate relationships	Grey	
15	Peak months you already feel	Grey	
16	Website / Facebook / Instagram / GBP — who owns them today?	You taking over	

Rule: grey does not mean stop. Use “from ₹X” and “site visit for events” until numbers are signed.

6. Website + Facebook (your takeover, first edits)

Website (srinamofarms.com) — first sitting

- Admin access
- Delete / unpublish dummy theme pages (Room List Simple, EN/DE, boxed layouts)
- Hero: veg farm stay, Kilachery, Sriperumbudur / Kanchipuram (not OMR Perumbakkam)
- Button: WhatsApp click-to-chat
- Three paths: Stay / Celebrate / Corporate
- Form must land in WhatsApp or the Sales sheet, not a dead mailbox
- Tamil + English only

Facebook + Instagram — first sitting

- Page name: Srinamo Farms
- About + pin: Kilachery / Kannur, 602108, veg kitchen, WhatsApp number
- Cover: pool or lawn (replace when pro shoot is done)
- Action button: WhatsApp or Call
- First 3 posts: Gaushala, thali + “100% veg”, rain dance / cricket
- Turn on Instagram professional account. Same posts.

Do not buy ads, Apollo, or a marketing agency this week.

7. Where to look next

If you need	Open
Why and the 6 phases	00_MASTER_PLAN.md
Week 2–12 ticks	01_90_DAY_SPRINT.md
Call script and commission	02_PARTNER_PROGRAM.md
Package names and listing copy	03_PACKAGES_AND_POSITIONING.md
This daily sheet	this file
